FRESH-CUT · FROZEN FOOD

Garden vegetables

Cauliflower, broccoli, red cabbage and white cabbage for fresh-cut and frozen-food factories, serving international markets.

Portfolio	Cauliflower · broccoli · red & white cabbage
Customers	Fresh-cut & frozen-food factories
Markets	International markets & processors
Supply brief	Product · specification · volume · period

Cauliflower.

Cauliflower supply for fresh-cut and frozen-food production. Discuss head characteristics, desired preparation and intake criteria for your processing line.

Broccoli.

Broccoli for industrial processing. Share your required head and stem characteristics, processing use and delivery programme.

Red cabbage & white cabbage.

Two distinct cabbage products for fresh-cut and frozen-food applications. Specify the cabbage type, target head characteristics and planned processing use.

Plan supply for your destination.

We supply international markets and factories. Product specification, preparation, packing, expected volume and the delivery period are agreed for each programme.

Discuss product, volume, period and destination with our team.
